Vendor Fair Information

The Vendor Fair at the 2010 Winter Conference will include approximately 12 exhibitors who demonstrate their capacity to provide sustainable products and/or services to MELA member companies. Since we have limited space at the conference and we are expected by our members to provide the best education and resources for sustainability, our vendors will be selected by the Conference Committee.

The questions on this application are designed not only to help us learn about you, but also to help you learn about the questions our members will ask exhibitors. Our members are looking for products and services to help them adopt sustainable practices. Tell us all about you company and how you further sustainability in landscape design, installation and maintenance.

The exhibitor fee will be \$500, and selected vendors will have prime space in CBG’s Regenstein Education Center. The Conference program also includes adequate time twice during the conference for participants to visit the vendor area.

Since we have a few slots left, we have extended to application deadline of December 15, 2009 until January 15, 2010, or until we have 12 qualified vendors, whichever comes first. You will be notified by January 25, 2010. Selected vendors will be asked to pay the fee by February 1, 2010.
